4. Click on the “Link generator” tab on the right to create your unique affiliate links. You can copy your affiliate link by clicking on “copy URL” under Your referral URL is on the left hand side. By default the affiliate link will take the visitors to the homepage. To take the visitors directly to the online store, copy this web address:

<https://myospots.com/products/>

and paste it in the “Page URL” under “Generate a custom URL” section to the right, then click on “copy URL” under “Referral URL” to the right.
